

MAGIC BALL FEATHER & FAN SCARF

designed by Susan Mills

The gentle scallops from the stitch pattern add interest to your magic ball knitting. The stitch pattern repeat is an odd number of rows – each row of the repeat will be worked on the “right side” and “wrong side” alternately, making a reversible scarf. This pattern will work well with self-striping yarns too – try Liberty Wool Print or Santorini.

Gauge is not crucial – choose a needle size appropriate for your ball of yarn.

Amount of yarn: The 72" long scarf shown was approx. worsted weight and used a magic ball that weighed 12 ounces (340 g). If you run out of yarn before the scarf is the desired length, you can always make more!
