## KNITTING

THE ULTIMATE GUIDE TO EXQUISITE YARNS  
CASHMERE • MERINO • SILK

**k**nitters who are drawn to the softest cashmere, the most sensuous silk and the finest Merino love the soft feel and look of luxury yarns. *Luxury Knitting* by Linda Morse will take knitters on a tour of the world where the most superior fibers are found and woven into yarns. It will provide insight into the culture and the inhabitants in each region and their relationship to the textiles. Readers also will find patterns for making beautiful garments out of these fine yarns. As a valuable appendix to the book, the author provides an exclusive "Linda's Favorites" section detailing her very favorite yarns available in cashmere, silk and the finest Merino, based on her personal experience as a yarn shop owner as well as her customers' experiences. Learn from an expert about how these yarns knit up, how they hold up over time, the types of projects for which they work well, their availability in the marketplace, and the best way to care for them.

**I**nspired by her love of knitting, **Linda Morse** gave up her job in information technology to open up String, one of New York City's premier knitting boutiques. A small gem of a shop in the heart of New York City's high-fashion Madison Avenue, String offers a collection of the most luxurious yarns available—the softest cashmeres, most sensuous silks, finest Merinos and long-enduring novelties, all imbued with vibrant colors and textures.
